ABOUT ME

- I am a dedicated software engineer with a passion for exploring new technologies and continuously expanding my knowledge. I excel in inspiring and collaborating with my team, always striving to find the most efficient and effective solutions in coding. I actively seek out challenging tasks to push my limits and enhance my skills, driven by a commitment to technical excellence and continuous improvement.

WORK EXPERIENCE

- SENIOR REACT DEVELOPER | JUL 2022 - JUL 2024

ALJAZIRA CAPITAL, RIYADH

- Developed a comprehensive stock trading platform, one of the most challenging projects in my career using React Native and ReactJS.

- Translated Figma wireframes into functional code.

- Integrated REST APIs

- Employed TypeScript along with JavaScript to enhance code quality and maintainability.

- Specialized in optimizing and maintaining performance for live streaming prices, achieving millisecond updates.

- Consistently tackled challenging tasks, enhancing my skills in React development.

- Collaborated effectively with team members to ensure project success.
- SOFTWARE ENGINEER | SEP 2021 - JUL 2022

CME, BEIRUT, LEBANON

- Worked on multiple high-profile projects.

- Developed responsive, browser-compatible pages using ReactJS and MaterialUI.

- Developed and maintained apps using React Native.

- Translated wireframes into code and integrated Rest APIs.

- Applied TypeScript to ensure type safety and improve the development process.

- Collaborated with designers, business analysts, QA engineers, backend, and frontend engineers.

- Handled tasks in Jira and Trello, managing bug fixes and implementing new features.

- Created test releases and published apps for iOS and Android, leveraging Agile development methodologies and Git for source control.
- FULL STACK DEVELOPER | JUN 2020 - SEP 2021

TAC-TECHS, KUWAIT (REMOTE)

- Developed applications and websites using React Native and React JS.

- Built applications with Flutter, addressing both technical requirements and user needs.

- Designed and implemented back-end solutions using Laravel and created APIs.

- Developed RESTful APIs with Node.js.

- Integrated various REST APIs into applications.

- Implemented and managed CI/CD pipelines using GitHub Actions.

INTERNSHIP

- ANDROID DEVELOPER | APR 2020 - MAY 2020

MONTY MOBILE, HAMRA, BEIRUT, LEBANON

- Developed high-performance, reusable Android native application using Kotlin from design and wireframes.

- Identified and resolved performance bottlenecks and bugs.

- Collaborated with teams to define and implement new features.

- Conducted code reviews and adhered to best practices for code quality.

- Utilized Git for version control and tracking changes.

EDUCATION

- COMPUTER SCIENCE | 2020

AMERICAN UNIVERSITY OF SCIENCE & TECHNOLOGY, ASHRAFIEH, BEIRUT

Bachelor of Science
- HIGH SCHOOL DIPLOMA | 2016

LYCÉE SAINT ELIE, DARB ES SIM

Baccalaureate in Life Sciences
