## PERSONAL DETAILS

- Date of birth  
27 May 1998
- Nationality  
Lebanese
- Marital status  
Single

## SKILLS

## LANGUAGES

## ABOUT ME

- I am a dedicated software engineer passionate about exploring new technologies and continuously growing my expertise. I enjoy leading and collaborating with teams, focusing on building efficient, high-quality solutions. Always eager for challenging projects, I strive for technical excellence, continuous improvement, and delivering real impact.

## WORK EXPERIENCE

- SENIOR REACT DEVELOPER | SEP 2024 - PRESENT**  
**CUBE HOLDINGS LTD, DBAYEH, BEIRUT, LEBANON**
  - Led the frontend team (hiring, mentoring, code reviews), set standards and engineering practices.
  - Drove **Agile (Scrum)**: backlog grooming, sprint planning, demos & retros for predictable delivery.
  - Established **GitFlow**, Conventional Commits, PR templates, and semantic releases for clean release trains.
  - Shipped high performance **financial apps** with **React Native (Expo) + TypeScript**, secure auth (access/refresh), and robust API integrations.
  - Built and maintained a **React/Next.js** admin web dashboard (SSR/ISR), RBAC, forms/tables, and **i18n incl. Arabic/RTL**.
  - Uplifted quality and speed with **Jest/RTL & Playwright** testing, performance tuning, and CI/CD (EAS for mobile; automated web deploys).
- SENIOR REACT DEVELOPER | JUL 2022 - JUL 2024**  
**ALJAZIRA CAPITAL, RIYADH**
  - Built a comprehensive **stock trading platform** using **React Native & React.js**, one of the most technically demanding projects of my career.
  - Translated complex **Figma wireframes** into responsive, production-ready code.
  - Integrated and optimized **REST APIs**, ensuring secure and reliable data flow.
  - Leveraged **TypeScript** to improve maintainability, scalability, and code quality.
  - Optimized performance for **live streaming stock prices**, achieving **millisecond-level updates**.
  - Delivered complex features under tight deadlines, consistently pushing the limits of React development.
  - Collaborated across **design, backend, and QA teams**, ensuring smooth delivery and project success.
- SOFTWARE ENGINEER | SEP 2021 - JUL 2022**  
**CME, BEIRUT, LEBANON**
  - Delivered multiple **high-profile projects** across mobile and web platforms.
  - Built **responsive, cross-browser pages** with React.js and Material UI, ensuring design fidelity and accessibility.
  - Developed and maintained **React Native apps** for both iOS and Android.
  - Converted **wireframes into production-ready code** and integrated REST APIs for seamless data flow.
  - Applied **TypeScript** to improve type safety, maintainability, and developer productivity.
  - Collaborated closely with **designers, BAs, QA, and backend teams** to align requirements and deliverables.
  - Managed tasks, features, and bug fixes using **Jira and Trello**, ensuring timely delivery.
  - Prepared and published **test releases** for iOS and Android, leveraging **Agile practices** and Git-based version control.
- FULL STACK DEVELOPER | JUN 2020 - SEP 2021**  
**TAC-TECHS, KUWAIT (REMOTE)**
  - Delivered applications and websites using **React Native** and **React.js**, ensuring performance and usability.
  - Built cross-platform mobile apps with **Flutter**, meeting both technical requirements and user expectations.
  - Designed and implemented **backend solutions** with Laravel and developed scalable APIs.
  - Created **RESTful APIs** with Node.js and integrated them across multiple applications.
  - Integrated diverse external APIs, enabling seamless data exchange and system interoperability.
  - Implemented and managed **CI/CD pipelines** using GitHub Actions, streamlining deployment and delivery.

## INTERNSHIP

- ANDROID DEVELOPER | APR 2020 - MAY 2020**  
**MONTY MOBILE, HAMRA, BEIRUT, LEBANON**
  - Developed high-performance, reusable Android native application using Kotlin from design and wireframes.
  - Identified and resolved performance bottlenecks and bugs.
  - Collaborated with teams to define and implement new features.
  - Conducted code reviews and adhered to best practices for code quality.
  - Utilized Git for version control and tracking changes.

## EDUCATION

- COMPUTER SCIENCE | 2020**  
**AMERICAN UNIVERSITY OF SCIENCE & TECHNOLOGY, ASHRAFIEH, BEIRUT**  
Bachelor of Science with honours
- HIGH SCHOOL DIPLOMA | 2016**  
**LYCÉE SAINT ELIE, DARB ES SIM**  
Baccalaureate in Life Sciences
